CONFIDENTIAL

ATTN :  Director of Logistics  
 Chief, Administrative Staff  
CIA Records Administration Officer, DDS

13 March 1962

Inspector General's Report of Headquarters Courier System  
dated 29 November 1960

1. Attached for your reference is a copy of the report made by a member of the Inspector General's Staff. I understand this report was not formally transmitted to you for comment or concurrence at the time of preparation.

2. Recently the Office of the DD/S asked me to initiate action and coordinate responses from both the Logistics and Security Offices on the proposals in this report and to continue the survey of the Agency Courier Systems originally initiated by the Management Staff.  this staff has discussed the proposals in the Inspector General's Report with  your office. His discussions were to the extent of defining those proposals that the Office of Logistics should act and comment on.

3. I will appreciate your comments by 23 March 1962. We will be glad to discuss this Report and progress on the survey with you at anytime.
